

Inspiring Business Performance (IBP) Ltd.

Investors in People Assessment / Review Terms and Conditions of Business

By submitting your application electronically to Inspiring Business Performance (IBP) you agree to pay IBP the cost of carrying out your Assessment / Review.

Expenses may be included where applicable. Invoices will be forwarded after the completion of the agreed stage of the Assessment / Review activities and are due for payment in full on receipt of the invoice. If payment is not received, IBP may withhold further Assessment / Review activities until payment is received. Furthermore non-payment of an invoice is regarded as 'bringing the (IIP) Standard into dispute' and may result in your organisation being de-recognised as an 'Investor in People'

If you are eligible for a grant for part of the cost of the Assessment / Review from Business Link or any other Delivery Partner you must pay IBP in full before claiming any amount due. If you require a receipt please request one when making payment. Subsidies are rarely available and should you believe your organisation should not pay the full cost of the Assessment / Review please contact IBP immediately.

There is a financial penalty for postponement / cancellation of Assessments / Reviews, please see our cancellation policy for details.
